

# SCC Internal Competitions

2025-26

# Enter via PhotoEntry

- ▶ You don't need to do anything apart from entering a title
  - ▶ No Metadata editing
  - ▶ Filename can be anything (must still be jpeg only though)
    - ▶ e.g. \_U6A8167.jpg; as straight out of the camera, if you wish
  - ▶ Images can be any dimensions (Note: 10MB max. though), and any colour space

▶ However...

# The Rules

- ▶ You don't have to resize images yourself to 1600 px (max.) by 1200 px (max.), but if you don't, PhotoEntry will do it for you
- ▶ You don't have to set the colour space to **sRGB IEC61966-2.1**, but if you don't, FFPx may display 'odd' colours.
  - ▶ PhotoEntry will not convert to sRGB IEC61966-2.1 but you will get a warning
- ▶ If you are entering more than one image, the one at the top is your first choice (etc.). Thus if we need to cull images they will be removed from the bottom up

# The Rules

- ▶ You can start adding images well in advance of the competitions
- ▶ You can add & remove/replace images up to the deadline
- ▶ You can re-order them at any time up to the deadline
- ▶ This is great if you want to change your mind!

- ▶ You will need to enter the Title for each image
  - ▶ This is the actual title you want to be displayed/read out on the night
    - ▶ e.g. Kylie in Concert, not AndyD Kylieinconcert 1of4
    - ▶ i.e. No author's name or "1 of 4" etc. in the title
  - ▶ You can change (edit) the titles at any time up to the deadline

# So What Do I need to Do?

- ▶ Send an email to [internalcomps@swaveseycameraclub.co.uk](mailto:internalcomps@swaveseycameraclub.co.uk) with;
  - ▶ The full name you wish to use (e.g. I could choose Andy Dearn or Andrew Dearn)
  - ▶ The email address you wish to use for your login
- ▶ I will then set you up & you then need to logon to PhotoEntry & change your password
- ▶ **REMEMBER THE URL & YOUR NEW PASSWORD**

# Notes
